

Explore 82304-2 with insurers / HTA bodies – reimbursement of health apps

Tatjana Prenda Trupec M.C.S., MBA, OptimIT, Croatia
3rd Multi-stakeholder workshop
November 3, 2023

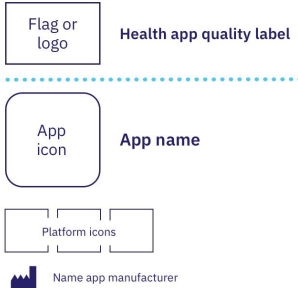

importance of the reimbursement

If it is not paid (or enforced), it is not widely used

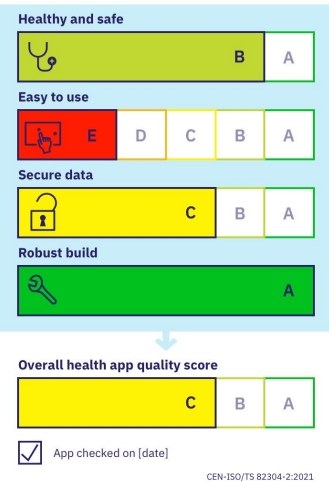

If it is not proven to be beneficial and safe, it will not be paid

It can not be proven without assessment

It can not be assessed without standard label

Benefit of the app
 With this app [intended users] can [intended use] / With this app [x in 10] [intended users] [health effect] [if use]
 Check [here] when app requires approval from a health professional before use

task 7.2 Explore 82304-2 with insurers / HTA bodies

Destination

An innovative, sustainable, and globally competitive health industry.

WP7

The objective of WP7 is to **enable health care systems and authorities** to integrate mHealth solutions more rapidly thanks to a European 'mHealth label'.

task 7.2

Co-create with HTA bodies and insurers using structured dialogue a call to action (direction or proposal how to **use the technical specification in decision-making on reimbursement of apps**), taking into account the bigger picture i.e., societal impact.

task 7.2 Explore 82304-2 with insurers / HTA bodies
